

# Gauge Hatches

## Storage Tank Gauge Hatches

Protecting People, Property and our Planet

### For Level Measurement and Sampling

The Elmac Technologies® range of gauge hatches allow easy access to atmospheric liquid storage tanks for manual level measurement and sampling.

### Application

Gauge hatch provides tank access where manual level gauging, temperature measurement or sampling is required. The safety pedal allows an operator to open the gauge hatch whilst remaining 'hands free' to carry out required measuring.

An optional lockable model is also available.

### Materials and Options

Model	Options
Sizes (DN)	100, 150, 200, 250, 300
Process Connection	ANSI 150# (Standard) PN10 / PN16 Special (on request)
Materials	Aluminium, Cast Iron, Carbon Steel, Stainless Steel
Insert	Nitrile Rubber PTFE
Pressure Setting	≤ 2.5 psig (lockable model)

### Elmac Expertise

Elmac have been manufacturing protection equipment since 1948 and bring enhanced levels of flame and explosion protection to a diverse range of applications.

Elmac offers considerable technical leadership and, using test facilities along with Computational Fluid Dynamics capabilities, employs research teams renowned for developing solutions for the most challenging of industrial applications.

### Features and benefits

- Robust construction to deal with regular use
- Sizes and materials to suit a wide range of applications
- Use of a PTFE or Nitrile rubber insert
- Condensation rim to reduce the possibility of freezing.
- Model with lockable handle and gas tight seal available
